- 7) Adjourn

Action Requested: *Review, revise, approve*

4 Previous Notes

April 2022 meeting [Notes](#)

Action Requested: *Review,
revise, approve*

Discussion, Information Items

5

MnDOT/FHWA Presentation, Q&A

Introduction

- High-level information about major transportation project development previously presented:
 - Early 2019 (as documented in the SRF final report)
 - Through the Framework 2030 project
 - October 2020 by MnDOT and FHWA, including detailed Q&A
- Partnership's need for detailed information from MnDOT and FHWA about this complex process, decision points, timing, costs, etc., resulted in a flowchart
 - Begins with the SRF study in 2017 and goes out through 2033
 - We understand this is an unfamiliar format for most of you, apologize in advance, and ask for your patience as we walk you through this important information
- While this flowchart answers questions and is a valuable resource, as you get into the formal environmental studies the process is even more complex; FHWA and MnDOT are willing to provide those additional details at a later date
